

# Hiring From an ACE School?

## DID YOU KNOW?

- ACE schools have access to the same eLearning courses available to technicians in STARS
- Courses completed by students through the ACE program are **fully transferable to STARS**
- ACE students that hire on at your dealership may have a significant head start towards STST certification
- Transferring ACE training benefits both the dealership and the new technician

## ACE to STARS Transfer Process

- During interview, identify ACE students - these candidates would have taken Ford Service Training through their High School or College automotive program
- If an identified ACE student accepts an employment offer, email to initiate transfer to STARS
- Email: **SVCTRN@Ford.com**
  - Subject line: ACE to STARS Transfer
  - Include the following in the email body
    - New technician's STARS ID, Dealership P&A code, new technician's email address (**MUST be the email address used to register for ACE, even if different than the email address being used for STARS**), and request training history be transferred to STARS
  - Transfer is typically completed in 2 business days or less
  - **The technician's ACE account will be deactivated when the transfer is complete.** If the technician is still in school (for example, summer internship or working while attending college), any further eLearning courses will need to be taken **in STARS**.

The ACE program is available nationwide

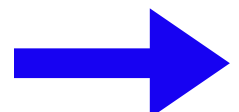

1,000+ Dealer sponsorships

90+ eLearning courses available to students

FAQ

# Frequently Asked Questions

- **What schools can participate in the ACE program?**
  - ACE is offered to both high schools and colleges.
- **What are the differences in training between ACE and STARS?**
  - eLearning courses offered through the ACE program are **identical to the same courses taken through STARS by a technician.**
- **What is the cost to the dealership to transfer credit to STARS?**
  - There is no cost to the dealership.
- **How do you know if a candidate has ACE training history?**
  - The easiest way is to make asking the question part of your interview process! However, this flyer is provided to all ACE schools – if your candidate has brought it in, that's a good indicator!
- **Do ACE student hires count towards SOS objectives?**
  - Yes! Sponsoring ACE students from an ACE school that you work with is a great way to work towards SOS objectives.
- **Are both paid and unpaid SOS students eligible for credit transfer?**
  - No; only paid student sponsorships with a STARS ID are eligible for ACE training history to be transferred to STARS.
- **Who should I reach out to if I have additional questions?**
  - Your Technical Placement Specialist (TPS).
